Visa Business Debit Card

More Convenient than Checks and Safer than Cash

High Country Bank now offers Visa Business Debit Cards for our business customers.

Convenience When You Need it: The Visa Business Debit Card is accepted worldwide anywhere Visa is accepted. The amount of the purchase comes from the primary linked business checking account, so you can make everyday purchases without incurring debt or fees associated with credit cards. In today's electronic payment environment a debit card is a great alternative to writing checks or using a credit card. With a High Country Bank Visa Business Debit Card, there is no monthly bill, no monthly fees and access to your business checking account wherever and whenever your business needs it. A \$15.00 annual fee will apply.

Security You Depend on: The Business Debit Card will be monitored 24/7 365 days a year for activity that is out of the ordinary spending pattern for the account. New fraud trends and patterns are continuously updated to catch fraudulent transactions as quickly as possible. Using real time fraud scoring to detect suspicious transaction patterns, a phone call will be placed to the cardholder to verify the activity before approving the transaction. If the fraud department deems it necessary, a temporary block can be placed on the card until transactions can be confirmed.

Let us help you simplify your business. To apply for the Visa Business Debit Card call us at (719) 539-2516 or visit the nearest High Country Bank branch today.
